

## How to Use the DPRM Banner

The DPRM banner is available in two versions: English and Filipino. Just choose the version that best suits your area's language preference. You may also translate the slogan in your local dialect.

1. The DPRM banners may be downloaded in JPEG format and in actual sizes (recommended size is **200 cm x 150 cm**) from this URL: <http://bit.ly/dprm2020>. Alternatively, you may also get the file from <https://dprm.pids.gov.ph/resources/dprm-banner>.
2. Open the JPEG file using a photo editor application such as Adobe Photoshop.
3. Insert your agency/company's logo at the top left portion of the banner and your agency/company name beside it as shown in the images below.
