Anyone between the ages of 5 to 85.

If I register as a Red Cross member, can I also avail of free blood and free first aid training?

As a Red Cross member, you can only avail of the accident benefits. However, we will help facilitate your blood requirements. Blood itself is free but it has processing costs which you can reimburse under the Medical Reimbursement benefit in case of accidents. Further, to avail of first aid training, you have to pay the required registration fees.

- legal parent/s can claim
- If both parents are dead, authorized guardian can claim with proof of document/s that he/she is a legal guardian.

Where do I apply for claims?

You can go to any Red Cross Chapter nearest you.

If I have accident coverage from other insurers or from another insurance plan, can I still enroll and get benefits from this plan?

Yes, since this is an accident assistance, benefits are payable on top of other insurance that you might have.

If I have other medical insurance plans with other companies can I still claim from Accident Medical Reimbursement or Daily Hospital Allowance?

If it is an accident case, you can claim under the Accident Medical Reimbursement Benefit for expenses that are not paid under your medical insurance plan and subject to the maximum limit of the Accident Medical Reimbursement Benefit.

If you are confined in a hospital, either due to natural illness or accident, you can still claim your Daily Hospital Allowance.
